Abstract (en)
[origin: WO9939614A1] The invention relates to a stand for displaying interchangeable flat objects, especially for displaying a postcard (6). The inventive stand comprises two parallel clamping members (1, 2) which can be connected to opposite sides of a postcard (6). It also comprises two support members (8, 9) which are interconnected at one of their ends while the other end is connected to a respective clamping member (1, 2).
