Abstract (en)

[origin: WO9854399A1] A process is described for printing or dyeing fibre material with pigment dyes, which comprises applying to the fibre material a dye formulation comprising at least one pigment dye and at least one pigment dye binder as well as optional further auxiliaries and then fixing it with ionising radiation, or applying to the fibre material a dye formulation comprising at least one pigment dye, at least one pigment dye binder and at least one photoinitiator as well as optional further auxiliaries and then fixing it with UV radiation.
