Abstract (en)

[origin: FR2764422A1] The invention concerns a complex designed to guarantee the tamper-protection and authenticity of an object comprising: a base support (1) made permanently integral with the object and whereon are printed an identifying code (3) and at least an authenticating code (5, 6, 7); a protective sheet (2), optionally opaque, partially covering the base support (1) to protect the authenticating code (5, 6, 7) and to be applied on the object (16) to ensure its tamper-protection; data (4) concerning the object itself borne on the uncovered part of the base support (1).
