Abstract (en)

[origin: EP0987386A2] The inflatable tent has a roof (20) and side walls (22,24) of folding tarpaulin materials. The support structure is of inflatable tube hoses (28,30,32) to carry the roof and walls. The carrier structure has at least one lower lateral tube hose (26). The tent assembly has an integrated shower section with a tub (50), defined by inflatable tube hoses (26,27,48) including at least one lower and lateral tube hose (26).
