Abstract (en)
[origin: EP0995390A2] The cellulose picks and warp ends are twisted. The pick twist to the warp end twist is over two. The yarn count range of the pick is 15-140 tex compared to 10-20 for the warp ends. The cloth is made in a linen weave and the picks have an uneven twist alternatingly. The twist alters between a right-hand and a left-hand twist after a preset number of picks.
