Abstract (en)
[origin: EP1000568A1] The cupboard wall has vertical end walls with profiled edges and partition walls spanned top and bottom by structural bases (6) made from sheet steel with a thickness of 1 mm. Preferred Features: The surfaces of the sheet steel bases can be surface treated such as powder-coated or annealed and lacquered. Clips (15) for hanging L-shaped fascia strips (17) can be fixed on a web face (14) running parallel to the base surface of the base.
