Abstract (en)
[origin: WO9902641A1] The present invention relates to cleaning compositions, including laundry, dishwashing, hard surface cleaner, oral/dental cleaning compositions, comprising a cytochrome, especially a cytochrome P450. Said compositions provide effective and efficient cleaning of coloured and/or everyday body stains and/or soils and provide sanitisation of the treated surfaces. In particular, the compositions of the present invention provide fabric realistic item cleaning and whitening when formulated as laundry detergent compositions.
