Abstract (en)
This machine is furnished with four bond blades supported by eight special pulleys which going away from the machine centre permit the increasing of the cut thickness. 1. A hand wheel of register with two threads screw "12 1 -14 3" which permits the removal of the two wheels from the centre of the machine; 2. Bronze lead nut connected to the back pulley support; 3. Hand wheel draft blades which permits the register of the four higher pulleys (idles), blades tension; 4. Back pulleys supports; 5. Guide for the pulleys supports sliding; 6. Anterior pulleys supports; 7. Bronze guides for the idles pulleys sliding. <IMAGE>
