Abstract (en)

A method of manufacturing a non-woven felt for use as a covering cloth for cue sports or gaming tables which comprises the following steps: a) providing a non-woven web of fibres, the web including feltable fibres; b) needlefelting the web of fibres to produce a non-woven felt; and c) milling the non-woven felt. The invention further relates to a non-woven felt obtained according to the above method and to the use of such non-woven felt in the manufacture of cue sports or gaming tables.
