Abstract (en)

[origin: EP1008804A2] The basic element (15) has a U-shaped arm on each of two opposite facing first sides. The arms fit into matching guides (26) on the gas valve (12). The basic element has a cavity (20) which is open on a second side at right angles to the first sides. Near a third side facing the second side, the basic element as a barbed anchor element (23) fitting into a matching cavity (31,32) in the gas valve. The cavity encloses the pipe (10) on one side and covers a radially extending ridge(30) on the pipe on the other side.
