Abstract (en)
[origin: US6276037B1] A riveting tool for setting blind rivets and/or bolts with lock washers has a mouthpiece to receive blind rivets and/or bolts, a pneumatic device to carry away broken-off rivet pins from the riveting tool, a pressable device arranged on the riveting tool that releases a course of functions relating to a riveting process, a valve device for supplying air to the pneumatic device to carry away broken-off rivet pins from the riveting tool, and a handle to hold the riveting tool. The valve device includes an actuating device that controls the air supplied to the pneumatic device to carry away broken-off rivet pins, the actuating device being arranged on the handle.
