Abstract (en)
[origin: WO0004711A1] This invention discloses a method for providing pre- and post-event communication with a participant in a gathering including the steps of transmitting an invitation (34) to an intended participant (10), wherein the invitation is associated with an electronic record of the participant (25), producing a photograph of the participant wherein the participant is identified with said electronic record (20), and providing the photograph to said participant by using said electronic record (28 or 30).
