Abstract (en)

[origin: DE19738605A1] The invention relates to an arrangement for applying markings and/or patterns on a surface (10, 31, 54, 71), especially the floor of a sports arena, and for applying a carrier substance (11) on said surface. According to the invention, one or more optically active or photochemical substances (7) are contained in the carrier substance. In addition, a device (2) is provided which activates or deactivates said optically active photochemical substance(s) by means of irradiation.
