Abstract (en)
[origin: WO9839287A1] The present invention relates to benzantrones and benzanthrone derivatives having antiviral properties and to antiviral compositions that include at least one benzanthrone or benzanthrone derivative having antiviral properties. Benzantrones and benzanthrone derivatives having antiviral properties include 7H-benz[de]anthracen-7-ones, azabenzantrones, and 7H-benz[de]anthracenes. In addition, the invention relates to a method for the treatment of viral infections with a pharmaceutical composition that includes at least one benzanthrone or benzanthrone derivative having antiviral properties.
