Abstract (en)

The present invention provides a transferring method of transferring a representation such as designs, patterns and letters on various object surfaces such as existing road, sidewalk, floor and wall surfaces. The method includes: bonding a transfer sheet (3), including a sheet substrate (4) with a surface thereof provided with a display member (5) displaying the representation such as designs, patterns and letters on a base member (2) which has been applied on the object surface; and releasing the sheet substrate (4) to transfer the display member (5) on the surface of the base member (2), so that the representation such as designs, patterns and letters are transferred on the object surface. <IMAGE>
