Abstract (en)  
A vacuum/pressure formed packaging container having a portion (15) in which the material of the container is cut to reveal a Euro-slot by which the container may be mounted on a hook or the like, the cut material forming a tab (18) which may be folded over about an edge (17) of the slot to form a closure by interengagement of poppers (19, 20) formed by deformation of parts of the container walls. <IMAGE>
