Abstract (en)
[origin: EP1028295A2] The blower (3) has an open housing (2), filter cover (4) with filter (6), and cover frame (5) with cover (7). Blower, filter cover, and cover frame form a pre-assembled modular unit (8), with blower and filter cover fastened to each other, and filter cover and frame connected so as to be detachable against spring force. The modular unit has spring lock elements (9) facing abutments (10) of the housing, to lock the unit in the housing. The filter cover contains a circuit box for electrical circuits and connections.
