Abstract (en)
[origin: DE19751310A1] A refrigerator and freezer combination (10) has refrigeration space which can be sealed by a heat insulating door (12,13) fitted with a door handle (30) attached in parallel to its horizontal edge. The door handle has one of its fixing positions on the vertical middle axis of the door on the front side (19). Its other fixing position is located on one of the vertical side surfaces of the door.
