Abstract (en)

[origin: EP1041352A1] Support (20) comprises quick-release coupling (11, 12), able to be integrated in water alimentation system (1, 2) for hot wa slots (25a, 25'a, 25b, 25'b), used as guiding system, for sliding in translation heater (30) in direction of connection (F) of f quick-release coupling with second one, attached to heater. An Independent claim is also included for the description of the quick-release coupling mechanism, and for the method for attaching the heater on its support.
