Abstract (en)
[origin: EP1043460A2] The key consists of a shaft (1) and a handle with two parts (2,3) divided parallel to the plane of the shaft. At least one h of the handle has an aperture for accommodating the rear end of the shaft. The second handle part is a cover which can be removed connected to the other part. At least one of the parts is designed to accommodate additional elements on its outer surface.
