Abstract (en)
[origin: EP1054415A2] The isolator rod has an isolator body (1) provided with end fittings (2) at both ends, at least one of which is adjustable in length via a pin (3) attached to the isolator body and a relatively adjustable end termination (4). The pin may have a round cross-section and an external screw thread (5) for cooperating with an internally threaded blind b (6) within the end termination, for providing the length adjustment.
