Abstract (en)

[origin: DE19807318A1] A holder (6) joins the top part (7) of the child's seat to the roll-over bow (11) and (6) has an included belt (8). The roll-over bow has a receiver (10) for the seat (2) holder (6) or for the holder of a load on the seat. The receiver (10) on the outside of the bow comes in eyelet form and the roll-over bow part facing the car seat (1) has an opening eyelet for a pin fitted into the bow (12). Otherwise the bow has two web-linked openings in its part facing the car seat.
