Abstract (en)

[origin: EP1058213A2] Arrangement has a switch component group (20') arranged between a franking machine meter (10) and a modem (23') on one side and weighing scales (22) and postage calculator (22') on the other. A control conductor (245) links the switch group (20) so that the postage calculator can be linked directly to the modem and the postage tariff update table.
