Abstract (en)
A safety razor with a plurality of blade members (1,2,3) which are covered by a guard plate (6). The guard plate is provided with a plurality of blade tip guards (8) which are arranged along the blade tip edges of the blade members, and the blade tip edge of at least one of the plurality of blade members is not in contact with the blade tip guards of the guard plate and exposed between the blade tip guards. <IMAGE>
