Abstract (en)

A heel for furnishing units to cover the area between the base of the unit (1) and the floor (P), characterised in that its height is auto-regulating, being made up of two parts (21,22) that fit one inside the other transversally along their height, with a spring (23) interposed between the two parts that maintains a certain distance between one part (21) and the other (22). <IMAGE>
