Abstract (en)

[origin: EP1065636A2] The slot machine includes an indicator board for displaying the winning prize (10). In addition, an additional smaller gamble indicator (12) is provided which has display panels with winning amounts, at least one of the amounts being variable. The variable amount may be a jackpot, which is continuously filled from a proportion of the gaming stakes. There may be two jackpots filled with differing proportions of the stakes.
