Abstract (en)

[origin: WO9949757A1] The advantages which can be obtained with this invention are: the usage of high spaces of the rooms in a practical and fast way, spaces which one could not reach without the help of a ladder or other stands; the usage of the high part of the walls without any obstruction of the space below, used for the passage of people; extreme flexibility of the aesthetic result; a new way to organize spaces.
