Abstract (en)
[origin: WO9955613A1] A reel (10), particularly for an electric cable (12), has a rotatable drum (14) supported at (16) and optionally swivel-mounted on a plinth (30) or other member. A removable motor module (60) can be attached to convert the drum to a motorised reel controlled by a switch (82), which allows the user to rewind the cable (12) onto the drum (14), when required.
