Abstract (en)

[origin: EP1083271A2] The formation has an open holder profile (6) formed in one wall plate (2) in the area next to the joint, which has an outer bar (7) running parallel to the wall plane. The wall plate (1) next to the holder profile has its edge area (8) forming the joint engaging the back of the outer bar of the holder profile. The ceiling construction (10) is arranged horizontally at the joint near the holder profile.
