Abstract (en)

[origin: EP1084656A1] The arrangement has a connecting element (3) with a wall element (4), which is pivotally mounted on the base of the drawer and a connecting element that is connected to a pull-out guide (2). A catch element is provided, which secures the wall element in the mounted position. Preferably, the connection element is pivotally mounted and has a catch element that co-operates with the other catch element in the mounted position. An Independent claim is included for a drawer.
