Abstract (en)  
[origin: EP1086905A2] The packaging unit takes the form of a hose which is closed along its opposite end edges (11) incorporating folded back sections (13, 15) so that the two main surfaces (19, 23) of the unit are joined to one another by side surfaces (21, 25). The length of each of the folded back sections (13, 15) is less than half the length of the edge (11).
