Abstract (en)
[origin: US6672360B1] An upright for a goods-handling door, said upright including a slideway (1) and being formed in one piece by extrusion or in two mutually snap-fastenable pieces. The upright includes a plane surface (14F) serving to be placed against a wall, so as to position the door and the slideway appropriately, so that space is left on either side of the door for receiving the curtain if it comes out of the slideway.
