Abstract (en)

[origin: EP1091448A1] The cover is made of electrically insulating material and has at least two side walls (2) connected by a cover base (3). The cover includes a grip. The cover may have at least one external undercut (4) arranged in the region of the side walls. The undercut may be shaped like a recessed grip. At least a section of a side wall may be ribbed or knurled.
