Abstract (en)

[origin: EP1092533A1] The system has a first printing machine (1,2) with a first sheet feeder (10), a central inking cylinder (12) and four or more printing devices(13-16), a second printing machine (6) with a second inking cylinder (29) and a sheet feeder (21) and a coupling device (114) for coupling the printing machines together for inline operation. The inking cylinders are of different sizes; the circumference of the first is exactly four times that of the second.
