Abstract (en)
[origin: EP1094189A2] The window or door, comprises outer walls and interior partitioning walls which consist at least in parts of foamed hard PVC with a degree of foaming between 1.05 and 1.20. Independent claims are also included for: (1) a profile system consisting of such profiles for window and door construction; and (2) a method for producing such profiles which involves provision of the original material with a foaming agent forming between 0.2 and 2 % by weight of this material.
