Abstract (en)
[origin: EP1098336A1] The timer has a manually operated knob (38) positioned on the rim of the timer dial which is linked to a lever behind the dial with which it can select three positions according to the desired mode of operation of the timer. These are, permanently ON (I), permanently OFF (O) or AUTOMATIC (A). A mark on the lever indicates the position through a window (47) in the centre of the dial
