Abstract (en)

[origin: WO0062869A1] A golf ball (10) having a polyurethane cover (16) composed of a blend of polyurethane prepolymers is disclosed herein. The blend may be a dual blend with a TDI-based polyurethane prepolymer blended with a second diisocyanate polyurethane prepolymer, typically a PPDI-based polyurethane prepolymer. The blend may also be a tri-blend with a TDI-based polyurethane prepolymer blended with two other diisocyanate polyurethane prepolymers, typically two different PPDI-based polyurethane prepolymers. The golf ball (10) has a durability of at least 3.0 on a shear test rating of the cover. The golf ball (10) of the present invention also demonstrates tremendous distance using a BIG BERTHA3 HAWKEYE3 driver.
