Abstract (en)

[origin: EP1101585A2] A method for manufacturing tiles having the appearance of old rustic tiles of craftsman production, comprising the following operations: in a usual mould, forming a crude tile from an atomized powder mix comprising inclusions of material which volatilizes at a temperature less than or equal to 600 DEG C, drying the thus formed tile in a continuous dryer using a usual drying cycle, kiln-firing the tile treated in this manner using a usual firing cycle. <IMAGE>
