Abstract (en)

[origin: EP1111571A2] A device (1) for entertaining, reproducing information or processing data includes display devices (2), input devices (3,4) and a range of output devices (5,6). Input and output devices as well as display devices fit on the front side of this device. The front side is partially convex with one or more front covers placed vertically and horizontally. It can also have a concave recess in its lower area where a foot support can be fitted.
