Abstract (en)

[origin: FR2784027A1] The invention relates to the use of a boldo extract in a cosmetic or dermatological product and to a product that contains said extract. The invention specifically relates to the use of a boldo extract as an active ingredient on its own or added to at least one other active ingredient for the preparation of a cosmetic or dermatological product for preventative or curative treatment of ageing symptoms in tissue by local or external application on skin, nails and/or hair.
