Abstract (en)
[origin: US6595353B1] Cigarette pack, i.e. a soft pack, composed of a blank of thin, foldable packaging material, which is made of a paper layer and an outer plastic layer of thermally sealable material. Due to respective folding in the area of bottom wall (16), top wall (17) and side wall (15), folding webs partially overlap with outer plastic layers (19) directly facing each other and being sealed together or with the plastic layer being joined by sealing with the paper layer or a further inner layer.
