Abstract (en)
[origin: EP1134734A2] An optical disc of the present invention has a plurality of kinds of pre-pits (P1) with a correction size which have a length only uniformly shorter than a plurality of pre-pits (P2) with a specified correctional size which have a constant width, a constant depth and a constant depth inclination and a different length in correspondence to the data thereby recording the data with the pre-pits with the correction size. <IMAGE>
