Abstract (en)

[origin: EP1136368A1] Blank of cardboard where among different elements of blank, there is strip (7) of single thickness secured to two tongues (8, 9) also of single thickness located in prolongation of ends of strip, such that after setting up blank and construction of container, strip applied against external surface of surface (4b, 4a, 2) of container. Two tongues are folded down and applied against external surface of two opposite side walls (5, 6), adjacent surface either directly or with interposition of doubling panel (15-16). The setup container is adapted to hold its shape and to be closed irreversibly, and hence inviolably by adhesive (12) between strip and its two tongues on the one hand and the three adjacent surfaces (2, 4b, 5, 6) on the other hand
