Abstract (en)
[origin: EP1136708A2] The clamping body (10) has an S-shaped or E-shaped form, with an oblong central element (26). A short end part of central element includes spring clip arrangement. The clip is formed from strip metal and has a projecting contact arm (30). The cable end is inserted into a gap (12) and is secured by tightening a screw (54) against the clip.
