Abstract (en)
A container for cigarette butts includes a hollow cigarette butts collecting tank (2,20,22,26), featuring an aperture (3,30,32,36), which allows the cigarette butts tank to be accessible from outside. The cigarette butts tank is aimed at receiving one or more cigarette butts. The container includes also an element (4,40,42,46) for opening and closing said aperture and sealing means (5,50,52,56), which are joined to the cigarette butts tank and opening/closing element, so as to make the container tight when closed. <IMAGE> <IMAGE>
