Abstract (en)
The steam withdrawal hood has a housing (2) and a flat screen (10) withdrawable drawer-fashion out of the housing for enlargement of the suction area on the hood underside (14). On the upper side (18) of the flat screen, in its area withdrawn from the housing, there is at least one hook support (20), on which a book (22) can be positioned in the reading position, where it can be read by a person standing in front of the flat screen.
