Abstract (en)

[origin: WO0040207A1] Disclosed is a hair conditioning composition comprising: (1) a breakable visible particle comprising structural material selected from the group consisting of polysaccharides and their derivatives, saccharides and their derivatives, oligosaccharides, monosaccharides, and mixtures thereof; (2) a viscosifying agent selected from the group consisting of amphoteric viscosifying polymers, nonionic viscosifying polymers, inorganic viscosifying agents, and mixtures thereof; and (3) an aqueous carrier; wherein the composition is transparent.
