Abstract (en)

[origin: DE19858193A1] The invention relates to 4-trifluoromethyl-3-oxadiazolyl pyridines of general formula (I), to methods for the production thereof, to agents containing the inventive compounds, and to the use of these compounds for combating animal pests, especially insects, red spiders, ectoparasites and parasitic helminths. X and Y have the meanings cited in the description.
