Abstract (en)

[origin: EP1143070A2] The kit has three types of flooring element, which are each formed from support beams (1) and spaced floorboards (2) fixed to the support beams by joints (3). The first type is square with floorboards parallel to the sides (s). The second and third types are formed as a right angle triangle, whose short sides (k1,k2) are the same length as the side of the first type, with the floor boards parallel to a first or a second short side, respectively.
