Abstract (en)

[origin: EP1145666A1] The shelf has thin side walls (4) or shelf dividers arranged on shelf bases. The edge (6) of the side wall near the front of the shelf is curved outwards from the base of the shelf. Preferably, the upper edge of the side wall is also curved outwards. The side wall may have guide or holder elements that fit into holes in posts supporting the shelves, so that the side wall is flush with the side of the post.
